

# Building Envelope Solutions

Roofing - Cladding - Waterproofing

Serving Oregon, Washington, Idaho & Alaska

## ROOFING / CLADDING & ACCESSORIES:

**IPS Roofing Products** offers quality flashings and roof ventilation products that are competitively priced and are backed by a life of the roof warranty.

[IPSRoofingSystems.com](http://IPSRoofingSystems.com)

**Berridge** manufactures steel and aluminum roofing & wall panels, all finished in Kynar 500 and available in many profiles. Berridge also offers portable roll-formers, which allow on-site fabrication for a lower cost seamless installation. [Berridge.com](http://Berridge.com)

## WATERPROOFING:

**Polyguard** offers quality and competitively priced below-grade and deck waterproofing systems. They also offer fluid-applied air barrier systems. Polyguard offers among the highest levels of technical and installation support. [Polyguard.com](http://Polyguard.com)

**Poly-Tuff** provides vehicular and pedestrian traffic coatings. Their products install easily, usually within 24 hours and are low VOC. The finish is crack-free and requires no crack-chasing.
